

Our Mission:

Promoting affordable, accessible, and timely spay/neuter services as the solution to the crisis of cat and dog homelessness.

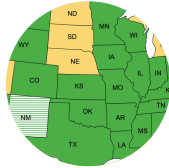

Our Vision:

USA envisions a world in which unwanted companion animals are not born and made to endure homelessness, loneliness, suffering, and abuse; where the number of cats and dogs is in line with the number of available permanent homes and caretakers, and every companion animal has a loving home; a world in which society values the wellbeing of every cat and dog.

PROGRAMS & SERVICES

Spay/Neuter Referral Directory
providing low-cost spay/neuter resources

State Leader Network
ready to help families find low-cost services in their communities

Feline Fix by Five
promoting spay/neuter of kittens before five months

provide hands-on training for veterinarians

Community Cats Grants Program
helping small, grassroots nonprofits

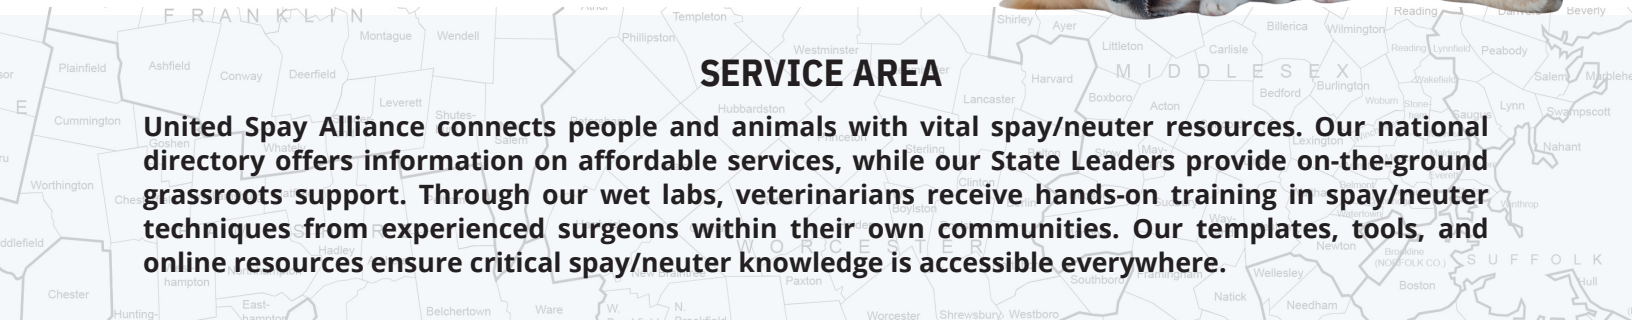

Veterinary Shortage Task Force
developing solutions to affordable spay/neuter services

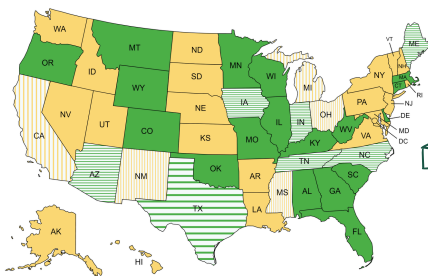

United Spay Alliance Online Conference
inspire and empower access to affordable spay/neuter services

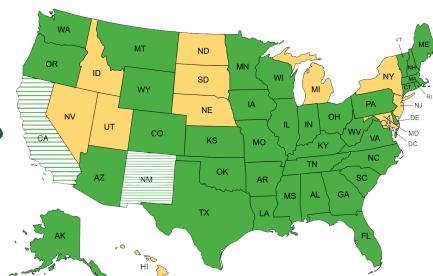

United We Spay
a podcast from United Spay Alliance

GO GREEN CAMPAIGN

DECEMBER 2022

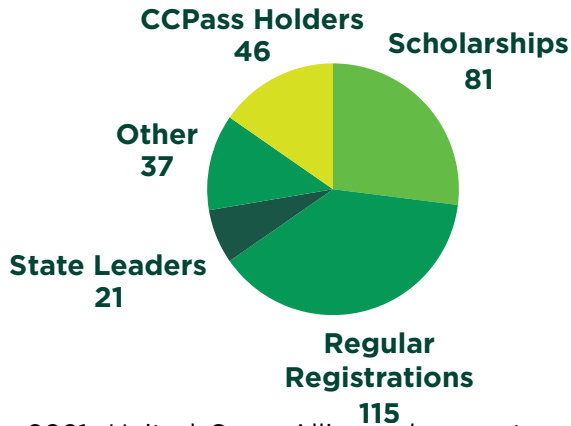

DECEMBER 2023

In 2023, we actively connected with spay/neuter leaders and resources nationwide. By year's end, we confirmed leaders in 36 states and referral resources across nearly every state!

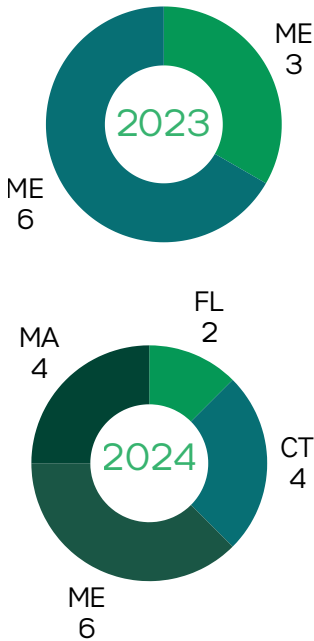

UNITED SPAY ALLIANCE ONLINE CONFERENCE

Since 2021, United Spay Alliance has partnered with Community Cats Podcast to present the United Spay Alliance Online Conference, a virtual event dedicated to making spay/neuter services more affordable and accessible.

In 2023, we had a total of 300 registrations.

Veterinarians Trained from our HQHVSN Wet Labs:

As of July 1, 2024 we have hosted 6 hands-on wet labs in 4 states, training 25 veterinarians in safe and efficient spay/neuter techniques. These trainings not only build the surgical skills of veterinary professionals, but also directly benefit communities, providing spay/neuter services to 209 cats from local animal shelters and rescues.

LOW-COST SPAY/NEUTER DIRECTORY

In 2023, the directory had more than 12,000 users.

We also enhanced our spay/neuter directory in 2023 by adding individual state landing pages, categorizing resources, and introducing a ZIP code search feature. These updates increased user-friendliness and showcase State Leader information.

State pages with the most users in 2023 are Arizona, Utah, Pennsylvania, Alaska and South Carolina!

FELINE FIX by FIVE MONTHS..

it saves lives

During FFF February, we welcomed 27 new veterinarians to the program, bringing the total to 308. We also gained 5 new endorsements, and 13 new pledges.

In 2023, USA launched the United We Spay podcast to raise awareness about the importance of spay/neuter, educate listeners, and empower them to make a difference in their communities. Each episode highlights inspiring stories and voices driving the spay/neuter movement.

When more pets are spayed and neutered, fewer animals enter animal shelters; pets and families stay together, and fewer animals are euthanized. **Spay/neuter is public health for pets!**

United Spay Alliance is a nonprofit 501(c)3 organization. Our EIN is 47-2598654.
